KPEDS Grades Crosswalk

Updated 01/17/2012

= Updated Information

Attempted indicates that the student was enrolled in the course at the beginning of the term. Attempted credit hours are used to determine full and part time status, financial aid, etc.

Completed indicates that the student had finished the course or otherwise completed a sufficient amount of work for the instructor to assign a grade.

Earned indicates that the course credits may be used to fulfill curricular requirements. Developmental courses are not included.

Developmental courses meet one of the following criteria: 1) CIP code = '32' on the course inventory file, 2) CIP32, also on the course inventory, from '0' through '9', or 3) remedial_code from '0' through '9' on the class file (Type3).

Procedure: Institution assigned grades are first standardized as indicated in the following chart. The standardization is verified by determining whether or not the course is designated as developmental. Developmental courses with non-developmental (single-character) grades will be assigned a comparable developmental grade. The grade of 'A' assigned in a developmental course will be adjusted to 'DA'. Similarly, 'DA' in a non-developmental course will become 'A'.
