

YOU'RE INVITED TO THE KENTUCKY ADVISING ACADEMY'S POSTSECONDARY ADVISING PROFESSIONAL LEARNING SERIES

Join fellow educators as we focus on enhancing postsecondary partnerships to ensure students' successful transition from secondary to postsecondary paths. This second meeting in our series brings participants together with representatives from postsecondary institutions who will share how they collaborate with schools, as well as holding a panel discussion of community organizations and business/industry leaders on opportunities for engagement and partnership. Networking opportunities will be available to build knowledge, capacity, and community centered around postsecondary advising.

Our spring professional learning series events will be held at KCTCS locations across the state.

You are encouraged to bring colleagues who are part of your postsecondary advising system - school counselors, administrators, FRYSC coordinators, community partners, etc. EILA and FRYSC Training Credit will be available for this event.

AGENDA:

- Welcome to KAA
- Fall PL Debrief & Review
- Postsecondary Institution Partnerships
- Lunch
- Business/Industry/Community Partnerships Panel Discussion
- Q&A Session with Postsecondary Partners
