President

In accordance with KRS 164.945 - .947 and 13 KAR 1:020, this is to confirm that **Sullivan University's** conditional license with respect to the Associate in Nursing (ADN) program (CIP code 51.3801) is hereby extended to January 17, 2026.

The licensure of this program remains conditioned upon the university submitting to CPE quarterly updates regarding its progress toward obtaining full approval with the Kentucky Board of Nursing (KBN), and submitting to CPE once received final approval documentation from KBN.

This current conditional license is valid through January 17, 2026, at which time CPE will need to determine if an additional extension may be issued if the university has not obtained full KBN approval by that date.

Once CPE receives assurance that Sullivan University has satisfied these conditions, CPE will remove the university from conditional license status with regard to this program. A conditional license may not exceed two (2) years. Failure to satisfy the conditions in that time frame may result in revocation of the university's license for this program. An extension of the conditional license may be granted upon request of the institution with supporting justification.
